Medicare Part D provides access to prescription drug coverage for America's seniors and people with disabilities, including those who suffer from rare or chronic diseases. Today, more than 43 million Medicare recipients – nearly one in eight Americans – benefit from this bipartisan achievement.

Join MAPRx, a coalition of over 55 patient advocacy groups, for a summit to celebrate the 15th anniversary of Medicare Part D. Policymakers, health care thought leaders, and patient advocates will come together to discuss current challenges facing this critical program and how to strengthen it to help protect current and future beneficiaries.

THIS EVENT IS FREE BUT REGISTRATION IS REQUIRED.
THE SUMMIT IS CONSIDERED A WIDELY ATTENDED EVENT.
